

BUDAPEST PARK SECURITY PLAN

BUDAPEST PARK

(1095 Budapest, Fábíán Juli tér 1.)

2026 series of flagship open-air music and dance events

(hereinafter: “the events”)

SECURITY PLAN**EXTRACT ON THE SECURITY REGULATIONS AND THE RULES CONCERNING
EVACUATION AND EGRESS**

An extract from the 2026 security plan of the Budapest Park entertainment venue

INTRODUCTION

1. Budapest Park open-air entertainment venue will hold its 2026 event season between 22 April 2026 and 4 October 2026. The pre-planned and publicly announced concert programmes take place weekly during the season, in some cases on several consecutive days.

2. On event days, Budapest Park is open from 18:00 until 05:00. Any opening times that may differ from this are published separately by the organiser on its official website. Concerts generally begin at 19:00 and may run until 22:00, in some cases until 23:00. After the concerts, attendees may listen to music, dance and consume food and drink until 05:00 the following morning. Depending on visitor numbers, the venue may close earlier. The venue’s closing time is determined jointly by the Park’s operations management and the security service. On this basis, visitors are obliged to leave the venue when instructed to do so by the security service.

3. The event organiser:

KULTÚRPARK ZRT.

1095 Budapest, Fábíán Juli tér 1.

4. The organisation providing the security service: IN-KAL Security Events Kft. 1146 Budapest, Thököly út 68.

5. The maximum capacity of the event area is 13,000 persons. The actual number of attendees may differ depending on interest in the given day’s event and may be lower, but even at full capacity it may not exceed the maximum capacity specified above.

RULES FOR ENTRY TO AND DEPARTURE FROM THE EVENT AREA

Entry of persons to the event area

Admission of the general public

6. On event days, the public may enter the event area through the main entrance gate on the Fábián Juli tér side, following a security check and a ticket check, generally from 18:00. Any different opening time depending on the given day's programme is announced separately and in advance by the organiser.

7. VIP guests may enter the HOPPÁ VIP area from the public thoroughfare on the Kvassay Jenő út side, and the MASTERCARD VIP area from the direction of the service pavement beside the railway embankment. Separate tickets and wristbands are issued for the VIP areas. If the Backstage area hosts a musical programme as an event venue, guests may be admitted and let out via the Backstage personnel entrance.

8. Guests under the age of 16 may be admitted only with parental consent and in the company of a parent or of an adult authorised by a parent; those aged between 16 and 18 may be admitted with parental consent. Admission to the concerts is free for children under 6 and is permitted only under the supervision of a parent or of an adult authorised by a parent. After 23:00, only persons who have reached the age of 18 may remain in the park.

Checks on persons entering and present at the venue

9. Upon entry, every person is subject to a security check at every entrance. In addition, throughout the entire event area and for the whole duration of the event, the security service is entitled to carry out security checks as follows:

Security-check activity	Authorising provision
Requesting the presentation of a document proving age – where justified – in order to verify identity and age.	Gov. Decree 23/2011 (III. 8.), Section 11 (a)

Reason	Authorising provision
The arriving person, or a person present at the venue, engages in unlawful conduct that obstructs or disrupts the holding of the event or endangers its safety, and does not cease such conduct despite being requested to do so.	Act CXXXIII of 2005, Section 26 (3) (b)
Their clothing is soiled to such an extent, or their general state of hygiene is such, that it may cause offence to others.	Budapest Park house rules

12. Staff at the catering outlets are entitled to verify a customer's age using an identity card or other identity document before selling alcoholic drinks and energy drinks. It is prohibited to

serve alcoholic drinks and energy drinks to anyone who, despite being asked, cannot or will not credibly prove their age, or who has not reached the age of 18.

Items prohibited from being brought into the event area

13. It is prohibited to bring the following into the event area:

a) objects particularly dangerous to public security, namely:

- a stabbing or cutting implement whose blade length or cutting edge exceeds 8 cm, and – regardless of blade length or cutting-edge size – throwing stars, flick knives and any device that launches a stabbing or cutting implement or other object capable of causing bodily harm (in particular: a drawn bow, crossbow, butterfly knife, harpoon gun, sling, catapult);*
- an implement characteristically usable for striking and designed to increase the force or effect of a blow (in particular: a lead-weighted cosh, knuckleduster);*
- sticks or weights joined together by a chain or other flexible material;*
- a device from which a substance can be sprayed that, by irritating the eyes and mucous membranes or the skin, renders a person incapable of attack (gas spray);*
- a device that, owing to its imitative nature and to-scale execution, resembles a firearm in a manner capable of causing deception (a firearm replica);*
- a device capable of inducing, by means of electric voltage, a state in which a person is unable to defend themselves (an electric stun gun);*
- a device used for illegally opening or forcing locking mechanisms (in particular: skeleton keys, mechanically or electrically operated lock-opening devices).*

b) firearms, gas weapons or alarm weapons;

c) umbrellas, walking sticks, crutches (except medical aids), flagpoles;

d) pyrotechnic devices, materials, explosives or blasting agents;

e) camping stoves;

f) flammable liquids (fire-hazard classes I–IV) (e.g. thinner, paint additives, petrol, etc.);

g) implements suitable for making graffiti (e.g. spray-paint cans, marker pens);

h) narcotics or intoxicating substances;

i) bicycles, mopeds, scooters, roller skates, Segways;

- j) dogs and other domestic animals (except assistance dogs);
- k) travel or sports bags, laptop bags, backpacks and plastic bags exceeding 30×30×30 centimetres in size;
- l) remote-controlled flying devices (drones);
- m) drinks and food purchased outside the event area (except as provided in point 10);
- n) fan banners and other banners, signs and flags without the responsible organiser's permission, where they are of such a size or contain such rigid material as to pose a safety hazard, or where they bear content that is inciting, obscene or hateful;
- o) professional cameras and video cameras (weight limit 500 grams) and selfie sticks.

Safekeeping and return of items subject to the introduction ban

14. In respect of the items subject to the introduction ban determined by it, the organiser fulfils the temporary safekeeping obligation set out in Section 29 (2) of Act CXXXIII of 2005 by operating a cloakroom and left-luggage facility accessible to the public from both outside and inside.

15. The cloakroom and left-luggage facility shall refuse to take an item into temporary safekeeping where possession of the item requires:

- a) specific statutory authorisation (e.g. an object particularly dangerous to public security, a pyrotechnic device); or
- b) an official permit (e.g. a weapon); or
- c) special safety conditions (e.g. fire- and explosion-hazardous or flammable material); or
- d) specific care or handling expertise (e.g. a live animal).

16. Where a package or object placed in the cloakroom and left-luggage facility requires a hand-held instrument security check, this is carried out by the main entrance security personnel.

Handling of found property

17. Property found at the event venue is taken into custody by the organiser and kept on site. On the basis of a written record, a found item may be returned to its owner or to another person entitled to receive it, provided the recipient credibly proves that the item is their property or that they are entitled to receive it.

18. If no one claims the found item by the end of the event, the operator handles the item in accordance with the provisions of Chapter XVII (Finding) of the Civil Code, applying the rules on the handling of items found in a place open to the public.

19. It is prohibited to move, damage or remove the event's fixtures and fittings, in particular the outdoor furniture, decorations, fire-safety equipment and safety signs. The routes designated for rescue, fire-brigade access and escape must not be narrowed or blocked, and no object obstructing movement, access or use may be placed on them, even temporarily.

THE EVACUATION AND EGRESS PLAN

Method of alerting persons present in the event area

20. The alerting of persons present in the event area is ordered by the responsible organiser of the event using the installed public-address system.

Method of leaving the event area

21. The evacuation routes of the area are set out on the posted site plans. The evacuation directions are also indicated by escape-route direction signs and safety signs placed around the area.

22. During evacuation of the area, while the public is leaving, it is strictly prohibited to:

- a) begin dismantling or removing the event's structures;
- b) drive any vehicle into the area;
- c) give any announcement or information other than that specified by the responsible organiser, or deviate from their instructions.

THOSE INVOLVED IN ENFORCING THE SECURITY REQUIREMENTS

Activities. The responsible organiser of the event

23. Tasks of the responsible organiser:

- a) ensures compliance with the provisions laid down in the security plan and in the documentation of the event's fire-safety regulations and security measures;
- b) keeps, at a location accessible at the control point, and publishes on the website providing electronic information about the event, the declaration on the frequency of the music and

dance event, the days on which it is held and the times of its start and finish, together with the security plan and the documentation of the fire-safety regulations and security measures; and publishes the declaration and the publicly disclosable extract of the security documentation relating to evacuation and egress;

c) ensures the on-site presence of personnel trained in first aid;

d) ensures the on-site presence of the required number of security personnel;

e) orders the security briefing and vetting – prior to the start of the event – of the security service and of those involved in the organisation, staging and technical delivery;

f) checks that the security documentation, certificates and measurement records of the structures and technical equipment exist and are available on site;

g) continuously monitors whether weather endangering the safety of the event is to be expected and, where necessary, arranges for the event to be suspended if the weather endangers its safety;

h) takes action, in justified cases (e.g. when capacity is reached), to restrict or suspend further entry;

i) decides on interrupting the event and evacuating the area in the event of an emergency, accident or damage event occurring or being imminent;

j) ensures the conditions necessary for inspections by the authorities.

24. The responsible organiser is entitled to:

a) prohibit the further participation in the event of any person whose conduct obstructs or disrupts the holding of the event or poses a threat to its safety, and to order them to leave the event area;

b) where announced in advance, restrict the admission of minors to the music and dance event venue by making entry to the venue conditional on the prior presentation of a document proving age;

c) in order to prevent minors from being served alcohol and to enable their possible alcohol consumption to be monitored, make admission conditional on an admission ticket (card, wristband) bearing a distinguishing mark for minors.

General tasks of the security service

25. General tasks of the security service:

- a) inspecting the area, closing it to the necessary extent, and regulating the entry of persons and the entry of vehicles;
- b) carrying out the necessary security checks;
- c) directing the movement of the public;
- d) giving directions and information;
- e) monitoring the number, movement and conduct of the public and regularly informing the responsible organiser thereof via the security supervisor;
- f) detecting and reporting to the responsible organiser any intention to disrupt the order of the event;
- g) detecting and interrupting acts against persons or property directed at those taking part in the event – including the public, the programme provider, the catering outlets and the organiser – apprehending the perpetrator if caught in the act, detaining them until the police arrive, and securing the scene;
- h) guarding the structures, fixtures and fittings, and mechanical and technical equipment;
- i) calling on those disrupting the order of the event to cease their unlawful conduct and, where necessary, calling on them to leave, or removing them from, the event venue;
- j) where necessary, safeguarding the personal safety of the technical-area staff, the programme providers and the VIP guests.

26. The security service checks:

- a) that the escape, rescue and fire-fighting access routes are kept clear;
- b) before each event, that the emergency exits are accessible, operational and can be opened;
- c) that the informational signs, escape-route direction signs and safety signs are present and intact;
- d) that the fire-extinguisher standby locations and fire-fighting water sources are accessible and that the extinguishers are present;

e) that the security requirements laid down for event attendees are observed.

ACTION PLAN FOR STORMY WEATHER

27. Rules of conduct in the event of a storm:

- a) Stay calm and act with care.
- b) If possible, seek a sheltered, stable place (a building, an underpass); make use of the buildings designated for egress.
- c) Keep well away from trees and buildings so that broken branches, roof tiles and glass shards do not cause injury.
- d) Protect your eyes from dust and your head from objects and branches carried by the wind, etc.
- e) Hold on to a post or fence so that the strong wind does not sweep you away.
- f) Hold and protect small children firmly, and do not become separated from your companions.
- g) Even approaching a fallen power line is life-threatening!
- h) Any fire-hazardous activity carried out in the open must be stopped immediately and the fire extinguished.

28. Protection against lightning strikes:

- a) If a storm with heavy lightning is approaching, the buildings designated for temporary egress must be used.
- b) Leave prominent or exposed places. Remaining on the VIP terraces is prohibited.
- c) If there is no other option, stand on a 10–30 cm thick insulating layer (dry stone, clothing).
- d) It is not advisable to shelter under an old, isolated tree, as falling branches may cause injury and the risk of a lightning strike is also greatest there.

FINAL PROVISION

29. The provisions of the security plan qualify as the organiser's safety-related instructions, and compliance with them is mandatory for all attendees of the event.

Budapest, 21 April 2026.
